1

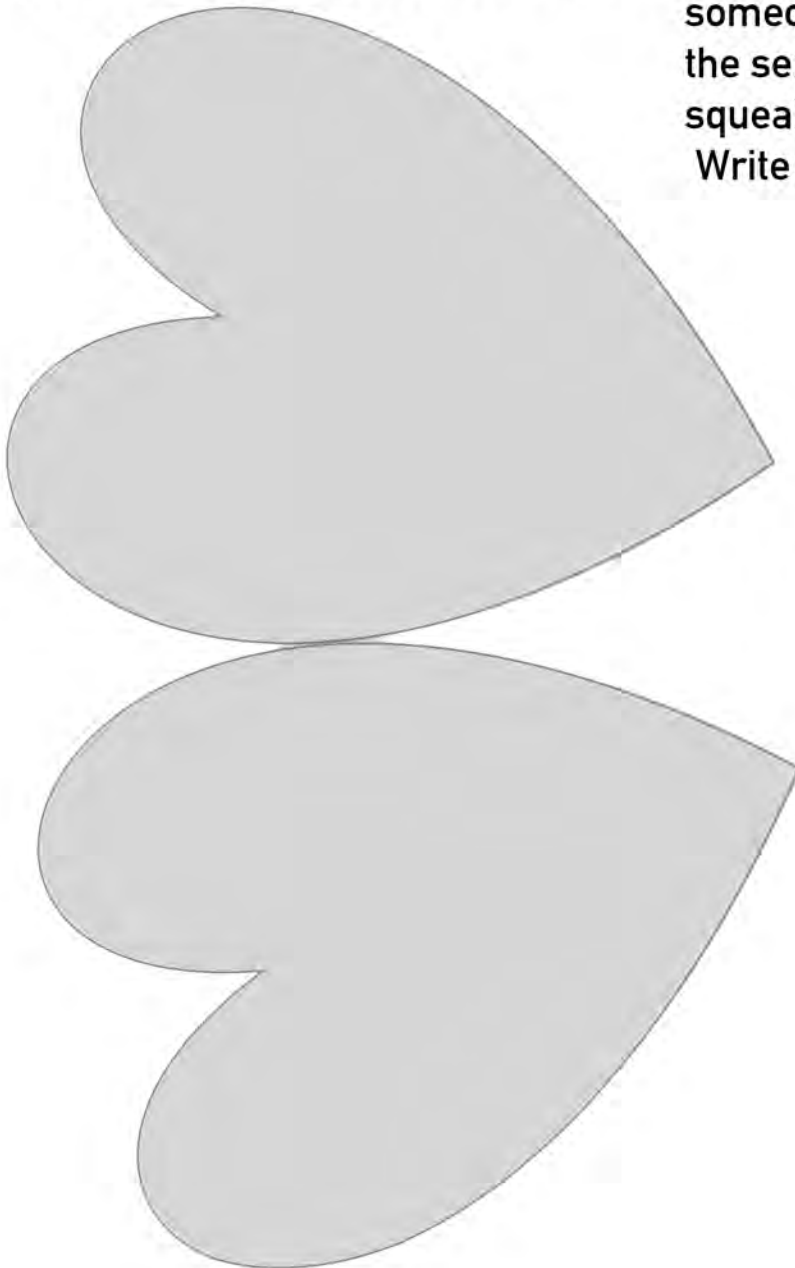

**Annie**

2

Annie's parents gave her half of a locket when she was born, and it represents her connection to them. Draw or write about the people who are most important to you, and that take care of you when you need help in the locket below.

When Warbucks takes Annie out on the town, she expresses, "to think that I've lived here all of my life, and never seen these things!" Are there places in your own city that people from out of town come to see?

Pick a place in your city or town and describe it to someone else using words which sounds suggest the sense (onomatopoeic words). For example, squeaky door, crackling fire.

Write your "script" below.
