The whole world is a garden

THE SECRET GARDEN

1

Mary Lennox is a courageous 10 year old girl who did not feel loved by her parents. She may not have been able to change that fact but she did change the lives of those that crossed her path after her parents passed. After discovering the existence of a secret garden in the estate her mom and twin sister grew in together, she was obsessed with planting in a bit of earth and making things grow, just like love and acceptance might do with proper care. Imagine you have a garden like Mary's. What would you grow? Write or draw your choices below.

2

Mary talks to the robin, asking the bird to guide the path to the entrance of the garden for her. What type of bird would frequent your garden, based on the region you live in? Draw and identify the bird in the space provided.

My bird is:

3 Complete the last sentence of the film, "If you look the right way, you can see that

Color the scene below and think of a lesson Mary might have learned during the film
